THOMAS S. DABAH, A.B., J.D., Director of the Law Library, Assistant to the Dean, and Associate Professor of Law.
FRANCIS E. McQUEEN, A.B., Secretary.

THE SCHOOL OF LAW

The Regents of the University of California made provision, in 1947, for the establishment of a School of Law on the Los Angeles campus. The School seeks, as its primary purpose, preparation for the practice of law wherever the common law prevails. It seeks further the inculcation of the spirit, the ideals, and the ethical standards of the common legal heritage of English-speaking peoples.

The School commenced operations in September, 1949, with a first-year class of limited enrollment. During the academic year 1949–1950, instruction in only first-year professional work is offered. In 1950–1951, the professional curriculum will include first- and second-year work, and thereafter a full three-year curriculum will be offered. During this first year of its work, the School will occupy temporary quarters in temporary buildings 3L, 3M, and 3P on the Los Angeles campus, while the new School of Law building is under construction. Plans call for the completion of the new building on the campus during the academic year 1950–1951. The new building will provide the most modern facilities for the teaching and study of law, and for legal research.

THE LAW LIBRARY

Some 30,000 selected volumes have been placed in the temporary building housing the library and reading room. Even while the School is occupying its temporary quarters, all students will have readily available all the books necessary for their work. The library is being expanded very rapidly, and it is expected that annual additions will be made at the rate of about 30,000 volumes for some years to come. Much material closely allied to law and legal institutions is available in the general library of the University.

PREPARATION FOR THE STUDY OF LAW

There is no absolute, definitive, and crystallized prelegal course. A student entering upon his professional work should, however, come to these studies with certain positive information. The prelegal student should follow a plan of study which will assure adequate foundation for a broad culture. He should know how to read and write: that is, he should train himself to read understandingly, accurately, and rapidly; he should be able to express his thoughts orally and in writing, clearly, completely, and cohesively. He should therefore take work in English composition and English literature, realizing that it is not necessary to take a "course" in each field of English literature or composition in order to learn something about them. He should acquire some competence in the fields of English and American history, economics, elementary accounting, political science (particularly the history and development of English and American political institutions), psychology, philosophy, and sociology. It is well to acquire some proficiency in at least one foreign language, and to know something of mathematics and some of the natural sciences.
No specific college major is required for admission to the School of Law. The prelegal student should, however, acquire the intellectual discipline and experience which are to be derived from intensive work for a substantial period of time in a selected field of study. Most important of all, the prelegal student should learn how to study while in college. He must learn how to learn, and develop a desire to learn. The acquisitive, inquisitive, and receptive mind should be his goal. Habits of concentration, accurate and fast thinking, effective methods of study, and an honest desire coupled with the will to learn, are objectives always to be sought.

LAW SCHOOL ADMISSION TEST

The School of Law is now cooperating with the Educational Testing Service and with other law schools in the development and administration of a uniform Law School Admission Test. The test is designed to measure aptitude for professional study, rather than knowledge of subject matter, and no special preparation is necessary. Centers where the test may be taken have been established for the convenience of applicants in all parts of the country. The test is required of all applicants for admission to this School and should be taken during the academic year preceding the one for which admission is sought.

The Educational Testing Service will supply each applicant with a bulletin of information giving details with respect to administration and including practice questions. All questions concerning the Law School Admission Test should be addressed to the Educational Testing Service, P. O. Box 592, Princeton, New Jersey.

REQUIREMENTS FOR ADMISSION TO THE SCHOOL OF LAW

Applicants for admission to the professional curriculum of the School of Law, leading to the degree of Bachelor of Laws, must have received the degree of Bachelor of Arts or Bachelor of Science from some university or college of approved standing, prior to the time at which they begin their work in the School of Law. The work on which such degree was granted and any subsequent college work taken, must have been of superior quality and must indicate that the applicant is qualified for the study of law. Applicants must have achieved a satisfactory score on the Law School Admission Test.

Applicants must also submit satisfactory references as to character, including the names and addresses of not fewer than three disinterested and responsible persons to whom the applicant is well known and to whom the faculty may address inquiries with respect to the applicant’s character. Wherever possible, the character references should include a member of the Bar who is a graduate of a law school approved by the American Bar Association.

ADMISSION TO ADVANCED STANDING

Applicants who have completed at least one year of work in another law school may be candidates for admission to the second year of the professional curriculum with credit for not more than one year of work if (1) the applicant would have been eligible for admission to the first year in this School, (2) the work has been completed in a school which is a member of the Association of American Law Schools, and (3) the work for which credit is sought has been of superior grade. The acceptance of a candidate for advanced standing is discretionary, and credit will not be given for unsatisfactory though passing work.

No applicant will be admitted as a candidate for a degree who shall have attended another law school and who shall be ineligible to return to that school in good standing.

ADMISSION PROCEDURE

1. Application and Official Transcripts. The application for admission to the School of Law should be made on a form supplied by the School. Official transcripts of all college, university, and professional school records, including all work which may have been done at the University of California, Los Angeles, should be sent as promptly as possible to the School of Law. Also, the applicant is currently taking work in some college, university, or school, the official transcript should cover all work completed to date of the application, and should be accompanied by a statement showing all work in progress, and an indication of the time that work will be completed and the necessary official supplementary transcripts supplied. Applications for admission in September, 1950, should be received by the School of Law by May 1, 1950.

Actual receipt by the School of Law of the application and official transcripts, including those from the University of California, Los Angeles, is the applicant’s responsibility. The application, transcripts, and all other correspondence and papers relative to admission should be sent to the School of Law, University of California, 405 Hilgard Avenue, Los Angeles 24, California.

2. Application Fee. Each candidate for admission to the School of Law must pay an application fee of $5. Remittance by bank draft or money order should be made payable to The Regents of the University of California, and should accompany the application.

3. Certificate of Vaccination. The form for this certificate is supplied by the School of Law with the application form and must be filed with the application.

* Veterans who expect to enroll under the provisions of Public Law 345 or 16 are not required to remit this fee at the time of application; if the applicant is accepted and registers in the University, the fee will be paid by the government.
University of California

4. Law School Admission Test. Applicants may receive forms and information concerning the Law School Admission Test from the Educational Testing Service, P. O. Box 502, Princeton, New Jersey. The formal application for the test, together with the $20 fee, must be received by the Educational Testing Service before November 2, 1949, for the Saturday, November 12, 1949, examination; before February 15, 1950, for the Saturday, February 25, 1950, examination; and before April 19, 1950, for the Saturday, April 29, 1950, examination. The applicant should request on his application that his score be reported to this School. Applicants are urged to take the November or the February tests in order to expedite the decision on their admission to the School.

5. Character References. The form for these references is supplied by the School of Law with the application form and must be filed with the application.

ATTENDANCE

Regular attendance in the courses in which he is registered is required of every student. The right to take examinations, as well as the privilege of continuing status in the School of Law, is conditioned upon regular attendance at the exercises of the School.

Any student whose work, in the opinion of the faculty, is unsatisfactory even though passing, may be asked to withdraw from the School.

REQUIREMENTS FOR DEGREE OF BACHELOR OF LAWS

The candidate for the degree of Bachelor of Laws must be of good moral character; must have pursued resident law study for three years (six semesters), the last two years of work immediately preceding the granting of such degree having been completed in this School; must have acquired at least 80 units (semester hours) of credit with an average grade of not less than C; and must receive the favorable recommendation of the faculty for the degree.

FEES

Each student in the School of Law pays each semester, when registering, the incidental fee of $35 charged all students in all departments of the University.

A nonresident of the State of California pays a fee of $150 per semester in addition to the incidental fee of $35.

RESERVATION OF RIGHTS

The right is reserved to modify the requirements for admission or graduation; to change the arrangement or content of courses or the course materials used; to alter any regulation affecting the student body; to refuse admission or re-admission to any student at any time, or to dismiss any student at any time, should it be deemed in the interest of the School of Law to do so.

STUDENT PRIVILEGES

Payment of the regular fees entitles the student at the School of Law to Student Health Service (see page 13), and to the use of the libraries, gymnasiums, tennis courts, swimming pools, and other University facilities. It also makes such a student eligible to membership in the Associated Students of the University, subject to the payment of that organization's dues. Such dues give him the right to admission to certain athletic contests and to other student activities.

VETERANS AFFAIRS

An Office of Veterans Affairs, in charge of a Coordinator of Veterans Affairs, has been established by the University to work out with returning service men and women the many irregularities in their educational programs resulting from war service, to maintain liaison in their behalf with the United States Veterans Administration, and to assist them in becoming assimilated in the life and spirit of the University. This office is situated on the campus in Room 321, Administration Building.

In addition, the United States Veterans Administration maintains an office, in charge of a Training Officer, to assist disabled returning service men and women who are applying for federal educational benefits. This office is located in Room 115, Building II.

Information regarding educational benefits available from the State of California may be obtained from the California Veterans Welfare Board, Sacramento, California, or at Room 321, Administration Building.

Veterans must present an Original or Supplemental Certificate of Eligibility (Veterans Administration Form 7-1950 or 7-1958) and register within the registration period to obtain full veteran benefits. Veterans should apply to their local United States Veterans Administration Office in sufficient time to receive their Certificates of Eligibility prior to registration, or be prepared to pay all expenses (tuition, fees, books, and supplies).

Counseling centers are located on or in the vicinity of each campus. Services of these centers are available to all veterans without cost. The centers offer vocational counseling which may include aptitude testing and use of the center's library of occupational materials, as well as extensive interviewing. Counseling centers for the Los Angeles area are located at 813 South Hill Street, Los Angeles 14, and Temporary Building 5A on the campus.

MEDICAL AND PHYSICAL EXAMINATION

All new students must appear before the University Medical Examiners and pass a medical and physical examination to the end that the health of the University community, as well as of the individual student, may be safeguarded. This examination is to be taken prior to registration.
Before coming to the University, every student is urged to have his own physician examine him for fitness to carry on University work, and to have all defects capable of remedial treatment, such as diseased tonsils, dental cavities, imperfect hearing, or imperfect eyesight, corrected. This will prevent possible loss of time from studies.

All students entering graduate status are required to report to the Student Health Service for clearance of health record.

STUDENT HEALTH SERVICE

The purpose of the Student Health Service is to conserve the time of students for their classwork and studies, by preventing and treating acute illnesses.

Each registered student at Los Angeles may, at need, have such consultations and medical care or dispensary treatment on the campus as the Student Health Service is staffed and equipped to provide, from the time of payment of his registration fee to the last day of the current semester.

The Health Service does not take responsibility for certain chronic physical defects or illnesses present at the time of entrance to the University.

LIVING ACCOMMODATIONS

Information concerning available accommodations for both married and single students may be obtained at the Housing Office, Room 105, Building 1L, 405 Hilgard Avenue, Los Angeles 24, California. Arrangements for rooms cannot be made by mail but the listings at the Housing Office are freely available to any student who calls at the Office in person.

LOANS

Various organizations and individuals have contributed toward the building up of several student loan funds. The gifts for this purpose are administered by the University in accordance with the conditions laid down by the donors.

All loans are repayable as soon as possible without defeating the purpose of the loan or seriously inconveniencing the students.

Applications should be filed at least ten days in advance. For further information, apply to the Dean of Students, 232 Administration Building.

HENRY AND EMMA DE GARMO SCHOLARSHIP

In 1948 Mr. G. C. De Garmo of Los Angeles contributed $20,000 to establish and support a scholarship as a memorial to his parents, Henry and Emma De Garmo, for a student or students in the School of Law of the University of California, Los Angeles. Information regarding this scholarship may be obtained from the office of the Dean of the School of Law.
