THE SCHOOL OF LAW

The Regents of the University of California made provision, in 1947, for the establishment of a School of Law on the Los Angeles campus. The School seeks, as its primary purpose, preparation for the practice of law wherever the common law prevails. It seeks further the inculcation of the spirit, the ideals, and the ethical standards of the common legal heritage of English-speaking peoples.

The School is a member of the Association of American Law Schools and is on the approved list of the American Bar Association. Graduates of the School are qualified to become applicants for admission to practice in any state of the United States.

The School commenced operations in September, 1949, and the first class was graduated in June, 1952. The School occupies the law building which provides the most modern facilities for the teaching and study of law and for legal research.

THE LAW LIBRARY

The Law Library consists of more than 120,000 selected volumes. Much material closely allied to law and legal institutions is available in the general library of the University.

PREPARATION FOR THE STUDY OF LAW

There is no absolute, definitive, and crystallized prelegal course. A student entering upon his professional work should, however, come to these studies with certain positive information. The prelegal student should follow a plan of study which will assure an adequately broad cultural foundation. He should learn how to read and write: that is, he should train himself to read understandingly, accurately, and rapidly; he should be able to express his thoughts orally and in writing, clearly, completely, and concisely. He should therefore take work in English composition and English literature, realizing that it is not necessary to take a "course" in each field of English literature or composition in order to learn something about them. He should acquire some competence in the fields of English and American history, economics, elementary accounting, political science (particularly the history and development of English and American political institutions), psychology, philosophy, and sociology. It is well to acquire some proficiency in at least one foreign language, and to know something of mathematics and some of the natural sciences.

No specific college major is required for admission to the School of Law. The prelegal student should, however, acquire the intellectual discipline and experience which are to be derived from intensive work for a substantial period of time in a selected field of study.

Most important of all, the prelegal student should learn how to study while in college. He must learn how to learn, and develop a desire to learn. The assiduous, inquisitive, and receptive mind should be his goal. Habits of concentration, accurate and logical thinking, effective methods of study, and an honest desire coupled with the will to learn, are objectives always to be sought.

LAW SCHOOL ADMISSION TEST

The School of Law cooperates with the Educational Testing Service and with other law schools in the development and administration of a uniform Law School Admission Test. The test is designed to measure aptitude for professional study, rather than knowledge of subject matter, and no special prepa...
University of California

RATION IS NECESSARY. CENTERS WHERE THE TEST MAY BE TAKEN HAVE BEEN ESTABLISHED FOR THE CONVENIENCE OF APPLICANTS IN ALL PARTS OF THE COUNTRY. THE TEST IS REQUIRED OF ALL APPLICANTS FOR ADMISSION TO THIS SCHOOL AND SHOULD BE TAKEN DURING THE ACADEMIC YEAR PRECEDING THE ONE FOR WHICH ADMISSION IS SOUGHT.

THE EDUCATIONAL TESTING SERVICE WILL SUPPLY EACH APPLICANT WITH A BULLETIN OF INFORMATION GIVING DETAILS WITH RESPECT TO ADMINISTRATION AND INCLUDING PRACTICE QUESTIONS. ALL QUESTIONS CONCERNING THE LAW SCHOOL ADMISSION TEST SHOULD BE ADDRESSED TO THE EDUCATIONAL TESTING SERVICE, 20 NASSAU STREET, PRINCETON, NEW JERSEY.

REQUIREMENTS FOR ADMISSION TO THE SCHOOL OF LAW

Applicants for admission to the professional curriculum of the School of Law, leading to the degree of Bachelor of Laws, must have received the baccalaureate degree from a university or college of approved standing, prior to the time at which they begin their work in the School of Law. Such college work must have been of superior quality and must indicate that the applicant is qualified for the study of law.

Applicants must have achieved a satisfactory score on the Law School Admission Test.

Applicants must also submit satisfactory references as to character, including the names and addresses of not fewer than three disinterested and responsible persons to whom the applicant is well known and to whom the faculty may address inquiries with respect to the applicant’s character. Wherever possible, the character references should include a member of the bar who is a graduate of a law school approved by the American Bar Association. The School may consider references other than those submitted by the applicant.

Students beginning their professional work are admitted only in September.

ADMISSION TO ADVANCED STANDING

Applicants who have completed satisfactory work in another law school may be candidates for admission with advanced standing with credit for not more than one year (30 units or semester hours) of professional work if:

1. The applicant has received his baccalaureate degree from a university or college of approved standing;
2. His professional work has been undertaken in a school which is a member of the Association of American Law Schools;
3. He received no credit toward his baccalaureate degree for the professional work for which he seeks credit for advanced standing in this School; and
4. The work for which credit is sought has been of a quality at least equal to that required for graduation in the school attended.

The acceptance of a candidate for advanced standing and the amount of credit to be allowed for his previous professional work are discretionary. Credit will not be given for unsatisfactory though passing work. Candidates must furnish this School with official transcripts of their college as well as all their law school work. Application for admission to advanced standing may be made at any time, but a decision on these applications can be made only after the receipt of these official transcripts.

No applicant will be admitted as a candidate for a degree who shall have attended another law school and who shall be ineligible to return to that school in good standing. A letter is required from the dean of the law school previously attended, stating that the applicant is eligible for readmission.

School of Law, Los Angeles

ADMISSION PROCEDURE

1. Application and Official Transcripts. The application for admission to the School of Law must be made on a form supplied by the School. Official transcripts of all college, university, and professional school records, including all work which has been done at the University of California, Los Angeles, should be sent as promptly as possible to the School of Law. Where the applicant is currently taking work in some college, university, or school, the official transcript should cover all work completed to the date of the application, and should be accompanied by a statement showing all work in progress, and an indication of the time when that work will be completed and all the necessary supplementary transcripts supplied. Applications for admission in September 1968, should be received by the School of Law by July 15, 1969.

Actual receipt by the School of Law of the application and official transcripts including those from the University of California, Los Angeles, is the applicant’s responsibility. The application, transcripts, and all other correspondence and papers relative to admission should be sent to the School of Law, University of California, 405 Hilgard Avenue, Los Angeles 24, California.

2. Application Fee. Each candidate for admission to the School of Law must pay an application fee of $3. Remittance by bank draft or money order should be made payable to The Regents of the University of California, and should accompany the application.

3. Certificate of Vaccination. The form for this certificate is supplied by the School of Law and must be filed with the Student Health Service when reporting for medical examination (see Medical and Physical Examination, page 15).

4. Law School Admission Test. Applicants may receive forms and information concerning the Law School Admission Test from the Educational Testing Service, 20 Nassau Street, Princeton, New Jersey. The Law School Admission Test will be given during 1959–1960 on the following dates: November 14, 1959; February 18, 1960; April 9, 1960; August 6, 1960.

Applications, together with the examination fee of $10, must be received at the School at least ten days prior to the date of the test. The applicant should request on his application that his score be reported to this School. Applicants are urged to take the November or the February test in order to expedite the decision on their admission to the School.

5. Character References. The form for these references is supplied by the School of Law with the application form and must be filed with the application.

ATTENDANCE AND GRADES

The right to take examinations, as well as the privilege of continuing as a student in the School of Law, is conditioned upon regular attendance at the exercises of the School.

Following is the grading scale of the School of Law:
85 and above—A, or excellent and definitely superior
75 to 84 incl.—B, or good and above average
65 to 74 incl.—C, or average and satisfactory
55 to 64 incl.—D, or poor
Below 50—Failure

REQUIREMENTS FOR DEGREE OF BACHELOR OF LAWS

The candidate for the degree of Bachelor of Laws must be of good moral character; he must have pursued resident law school study (a minimum of
10 hours per semester) for six semesters. The residence requirements may be satisfied as follows:

(1) Six semesters in regular session in this School; or

(2) Two semesters in regular session, or their equivalent, in a school which is a member of the Association of American Law Schools; or

(3) Five semesters in regular session in this School, coupled with summer session work totaling not less than ten (10) semester hours and not less than fifteen (15) weeks in this School or in a law school which is a member of the Association of American Law Schools, provided, however, that to receive resident credit for summer session work undertaken in another law school a student must have a grade average of 70 or better in all work undertaken in this School; two summer sessions may not be taken concurrently. The granting of residence credit for summer session is on an experimental basis and there is no guarantee that it will continue.

In any event, the candidate must take his last two semesters in regular session in this School.

The candidate for the degree must have completed satisfactorily at least 87 units (semester hours) of work with an average grade of not less than 65 on all work undertaken in this School. In order to receive unit credit for summer session work undertaken in another law school a student must have a grade average of 70 or better in all work undertaken in this School. In no event may a candidate for the degree be credited with more than 30 units of credit for work undertaken in another law school. He must also receive the favorable recommendation of the faculty. Any limiting effects of the revisions of this section which concern residence and unit credit shall be applicable only to students enrolling in this School for the first time in September 1968 and thereafter.

In order to maintain a satisfactory level of performance: (a) A student must achieve an average of 65 or better in each grading period. The first academic year, and each regular semester (excluding summer sessions) thereafter, without regard to the number of units taken therein, constitutes a grading period. If a student is unable to achieve a 65 average in any grading period his work will be deemed to be unsatisfactory and he will be permitted to continue his professional studies only with the permission of the Dean of the School but at the end of the first academic year such permission may be granted only if the student's average is 64 or better. A student permitted to continue in these circumstances will be on probation, and will be dismissed for poor scholarship if he fails to achieve an average of 65 or better in the next succeeding grading period. (b) Students who have advanced beyond the first academic year must maintain a cumulative average of 65 or better on all work, including work in summer sessions, undertaken in this School. Failure to maintain a 65 cumulative average will result in dismissal for poor scholarship.

The professional curriculum of the School requires the full time of students. Outside work is discouraged because it inhibits the attainment by the student of his optimum achievements. Any student may be required to withdraw at any time, even though his grades are satisfactory, if, in the opinion of the faculty, it is for the best interests of the School that he do so. The maximum amount of elapsed time permitted between first admission and graduation shall be five (5) years.

**THE U.C.L.A. LAW REVIEW**

Membership on the Board of Editors of the U.C.L.A. Law Review is one of the most coveted honors available to exceptionally qualified students. Mem-

School of Law, Los Angeles

bership carries with it a unique and valuable prestige in the legal profession. The work of the U.C.L.A. Law Review presents an opportunity for experience in legal research and writing on a par with that which is done in the better legal offices in the practice of law. The caliber of the work done by the first-year law student determines his eligibility for invitation to participate in the U.C.L.A. law Review work in his second and third years. Two units of academic credit are granted for satisfactory completion of two full years of U.C.L.A. Law Review work or one and one-half years in the case of accelerating students.

The regular subscription rate is $5 per year, and it is recommended that all students subscribe. Further information may be obtained by addressing the Secretary, U.C.L.A. Law Review, School of Law, University of California, Los Angeles 24, California.

**ORDER OF THE COIF**

A chapter of the Order of the Coif, a national law school honor society, has been established in the School of Law. Election to membership in the Order of the Coif is limited to those graduating members of the senior class (a) who rank in the highest 10 per cent of the class in scholarship and (b) who, by their participation in U.C.L.A. Law Review work, the honors program of the Rosecrans Pound Competition, or other substantial scholarly accomplishments, have demonstrated to the satisfaction of the faculty that they are worthy of membership.

**PLACEMENT**

The School of Law has established a placement service. Many professional opportunities have come through the attention of qualified students and graduates. The School of Law cannot "place" any student or graduate. The School can and does, however, provide contacts with professional opportunities for qualified students and graduates.

**ROSECRANS POUND COMPETITION**

The Rosecrans Pound Competition is a three-year moot court program which gives students of the School of Law an opportunity to get experience and achieve skill in the technique of writing briefs and presenting arguments to appellate courts. The first year of the program is a required part of the School of Law curriculum. Students of highest standing in their work of the first year are eligible to participate in the second- and third-year arguments which culminate in a winning two-man team at the end of the third year. The students of highest standing at the end of the first year also have an opportunity to work on the Moot Court Committee, the members of which constitute a part of the bench which presides over the first-year arguments. In addition to the student judges, distinguished members of the bar participate as judges in all three years of the competition. Seventeen students are selected for the advanced work at the conclusion of the first year, with one of these being designated as vice-chairman of the Moot Court Committee to assist a chairman who is a member of the senior class. Students who achieve first among the top seventeenth in the first year and who carry on the work of the program through their second and third years are awarded 2 units of academic credit.

**PRACTICE COURT**

All seniors have an opportunity to participate in the trial of at least one case in the Practice Court, the judge of which is a distinguished jurist from the federal bench. All students have a chance to learn some courtroom manners, as well as trial procedures and techniques. Practicing lawyers, experts in the
trial of cases similar to the one on trial, act as advisors to the student lawyers, and sit at the counsel table during the actual trial. Visiting judges from the state and federal benches try some of the cases. Trials are held in the courtroom of the School of Law.

U.C.L.A. LAW STUDENTS' ASSOCIATION

This Association is composed of all students registered in the School of Law. All student body activities, including the special lecture program, are under the sponsorship of the Association. In addition to the Association, each Law School class has its own organization to promote class activities.

SUMMER SESSIONS

The courses in law in the Summer Sessions are open to students of this School who have completed at least one year of professional study, to students of other accredited law schools who have satisfactorily completed at least one year of work, and to members of the bar. Information about Summer Sessions may be obtained by addressing The Office of the Dean, School of Law, University of California, Los Angeles 24, California.

Residence credit toward the LL.B. degree is granted for work done in the Summer Sessions. In order to receive unit or residence credit for summer session work undertaken in another accredited school a student enrolled in this School must have a grade average of 70 or better in all work undertaken in this School. The granting of residence credit for Summer Session is on an experimental basis and there is no guarantee that it will continue.

FEES

Each student in the School of Law pays each semester, when registering, the incidental fee of $60 charged all graduate students in all departments of the University, plus a Student Union fee of $2 and a $2 fee for membership in the Graduate Students Association.

A nonresident of the State of California pays a fee of $250 per semester in addition to the fees listed in the above paragraph.

RESERVATION OF RIGHTS

The right is reserved to modify the requirements for admission or graduation; to change the arrangement or content of courses or any other regulations affecting the student body; to refuse admission or readmission to any student at any time, or to dismiss any student at any time, should it be deemed in the interest of the School of Law to do so.

STUDENT PRIVILEGES

Payment of the regular fees entitles the student at the School of Law to Student Health Service (see page 15), and to the use of the libraries, gymnasiums, tennis courts, swimming pools, and other University facilities. It also makes such a student eligible to membership in the Associated Students of the University, subject to the payment of that organization's dues. Such dues give him the right to admission to certain athletic contests and to other student activities.

VETERANS AFFAIRS

Dean of Students-Special Services maintains liaison between certain veterans and veterans' dependents and the Veterans Administration, the State Department of Veterans Affairs, and other agencies offering veterans educational benefits, and assists veterans in becoming assimilated into the life and spirit of the University. This office is located on the campus in Room A807, Administration Building. Offices of the United States Veterans Administration are located as follows:

School of Law, Los Angeles

San Francisco Regional Office, 49 Fourth Street, San Francisco 3, California.

Los Angeles Regional Office, 1380 South Sepulveda Boulevard, Los Angeles 28, California.

Information regarding educational benefits available from the State of California may be obtained from the State Department of Veterans Affairs, P.O. Box 1555, Sacramento 7, California, or by writing either to Room 225, 542 South Broadway, Los Angeles 12; or 515 Van Ness Avenue, San Francisco 2, California.

Veterans wishing to enroll under the provisions of Public Law 550 ("Korean War Orphans Education Act") should obtain from the United States Veterans Administration a Certificate for Education and Training which should be filed with Dean of Students-Special Services upon completion of registration. These veterans must be prepared to pay all fees and educational costs at the time of registration as education and training allowances are paid to the veteran by the Veterans Administration and the first monthly payment will normally be received 60 to 75 days after compliance with the above.

MEDICAL AND PHYSICAL EXAMINATION

All new students must appear before the University Medical Examiners and pass a medical and physical examination to the end that the health of the University community, as well as of the individual student, may be safeguarded. This examination is to be taken prior to registration.

Before coming to the University, every student is urged to have his own physician examine him for fitness to carry on University work, and to have all defects capable of remedial treatment, such as diseased tonsils, dental cavities, imperfect hearing, or imperfect eyesight, corrected. This will prevent possible loss of time from studies.

All students entering graduate status are required to report to the Student Health Service for clearance of health record.

STUDENT HEALTH SERVICE

The purpose of the Student Health Service is to conserve the time of students for their classwork and studies, by preventing and treating acute illnesses.

Each registered student at Los Angeles may, at need, have such consultations and medical care or dispensary treatment on the campus as the Student Health Service is staffed and equipped to provide, from the time of payment of his registration fee to the last day of the current semester.

The Health Service does not take responsibility for certain chronic physical defects or illnesses present at the time of entrance to the University.

LIVING ACCOMMODATIONS

Information concerning available accommodations for both married and single students may be obtained at the Housing Office, Room 1324 Administration Building, 405 Hilgard Avenue, Los Angeles 24, California. Arrangements for rooms cannot be made by mail, but the listings at the Housing Office are freely available to any student who calls at the Office in person.

LOANS

Various organizations and individuals have contributed toward the building up of several student loan funds. The gifts for this purpose are administered by the University in accordance with the conditions laid down by the donors. All loans are repayable as soon as possible without defeating the purpose of the loan or seriously inconveniencing the students.
